Production  
Sale**

**Our 20th  
Year**

# Novotny Angus

2012 Production Sale

Friday March, 30th 2012 1:00 PM (CST) at Winner

East Hwy 18 Winner, SD

**Noon Lunch**

Selling

25-18 Month Old Registered Black Angus Bulls

50-12 Month Old Registered Black Angus Bulls

50 Commercial Black Angus Heifer Pairs

We would like to take this opportunity to THANK YOU for your consideration of our genetics and WELCOME YOU to Novotny Angus.

Our accomplishments at Novotny Angus represent three generations of livestock expertise, we have raised and fed cattle in the same location for over seventy five years. We are very focused on building low maintenance, high producing, moderately framed male and female seed stock. For the last fifteen years we have focused on whole herd efficiency not selecting for any one specific trait, but instead using multiple traits to build efficiency and longevity into our herd. At Novotny Angus we believe ourselves to be leaders in Age & Source Verification of cattle. We are very proud of the fact that our cattle can truly be traced from conception right to your dinner plate! We currently sell our slaughter cattle into NHTC (Non Hormone Treated Cattle) markets making them eligible for export into the very strict markets of the European Union. Our ability to tap into this market pays us premiums of up to one hundred dollars per head over market prices. This would be impossible without the strict and stringent record keeping programs we have in place. All cattle offered in this sale will include all of the information needed to take them forward into Age and Source Verification programs that the buyer may be involved in at the buyers request. We are available any time to answer questions about the cattle or any of the programs that we participate in. Again we would like to say THANK YOU! for your consideration of our genetics.

---

**Inspection:** The cattle are ready for inspection at your convenience. Visitors are welcome at anytime.

---

**Herd Health and Registrations:** All bulls will have been inspected by our licensed veterinarian Dr. C.A. Owen of the Animal Clinic in Winner, SD. All vaccinations that are required are given to the bulls. They will be semen tested, guaranteed breeders. All registrations and transfers of the bulls will be taken care of by the Novotny Angus.

**Arthrogyposis Multiplex or (AM)**, also known as Curly Calf Syndrome, is a genetic abnormality that has been found in the Angus breed in the GAR Precision 1680 bloodline. All bulls selling in the sale to be guaranteed free of this genetic gene defect.

**Guarantee & Semen Interest:** All bulls selling for \$2,000 or more will be covered 50% by Novotny Angus if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bull. Fifty percent of the value of the injured bull, minus one-half salvage, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between buyer and Novotny Angus. Please notify us as soon as possible if injury should occur and prior to the injured bull being sold. All injured bulls must be diagnosed by a veterinarian and claims made before September 1, 2012. Novotny Angus will be retaining a 1/3 semen interest in all bulls selling.

**Example A** - A \$5,000 bull is injured and will not heal. A credit of \$2,500 minus one-half of any salvage.

**Example B** - A \$2,000 bull is injured and will not heal. A credit of \$1,000 minus one-half of any salvage.

**Example C** - A \$1,800 bull is injured and will not heal. No credit is given. Buyer retains all salvage.

---

**Liability:** All buyers attending the sale do so at their own risk. Novotny Angus assumes no liability for accidents or property loss that may occur.

---

**Bulls not taken by the buyer sale day will be kept until April 15, 2012 and then delivered.**

---
